WHAT WE'RE ABOUT

“Motorsport means many things to many people. Whether it be a thrilling afternoon’s karting with your mates, or a Sunday spent watching the F1 on TV, there’s always been one common factor. People are passionate about speed and racing – and none more so than in the UK

With hundreds of indoor and outdoor karting locations, experience days and track days dotted around the country, the public’s desire to watch, consume and enjoy motorsport has never been stronger, with many companies using motorsport to host corporate events for staff and clients alike

The MG Car Club has a long-standing relationship with British motorsport and is currently the most active single marque race-organising club in the UK. With six different championships and over one hundred participants in total, it is one of the most respected and prestigious club racing packages in the UK

The crown jewel of the series is the MG Trophy Championship. Using fully race-prepared MG ZRs split into three different classes, the standard of driving and quality of racing is among the best in the UK, with former participants including British Touring Car Championship race winner Jack Goff”
